

# Bike along to the Cycle Winchester Mass Ride

## Can we beat 2025's record attendance of 630?

We are already planning for a bigger and better mass ride on April 25th next year. Our ninth, can you believe it?

Save the date!

Expect all the regular start locations and ride routes. Plus, hopefully, an even more family friendly route suitable for teeny tinies... though we are constantly amazed at the cycling prowess of our young riders.

We are always looking for helpers: experienced cyclists who can help marshal a ride, and non-riding marshals who can help with our legal temporary road blocks. Get in touch if you can help.

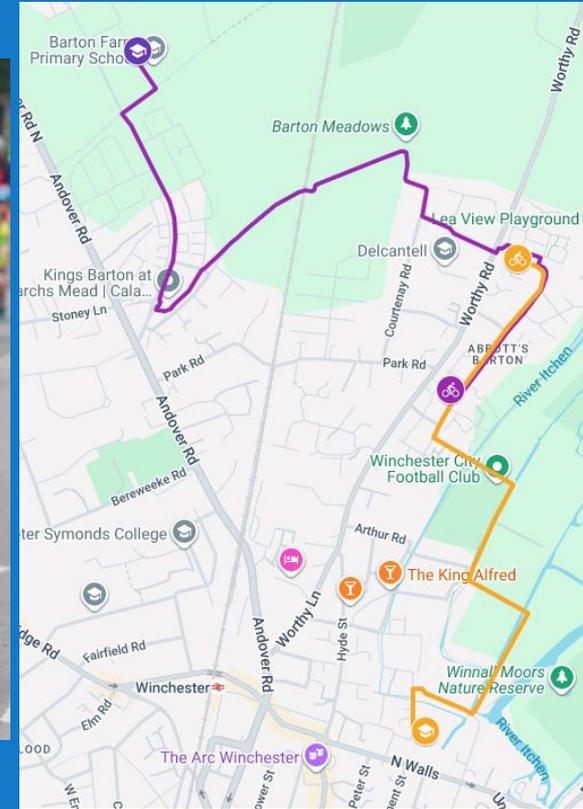

More details will emerge in coming weeks.

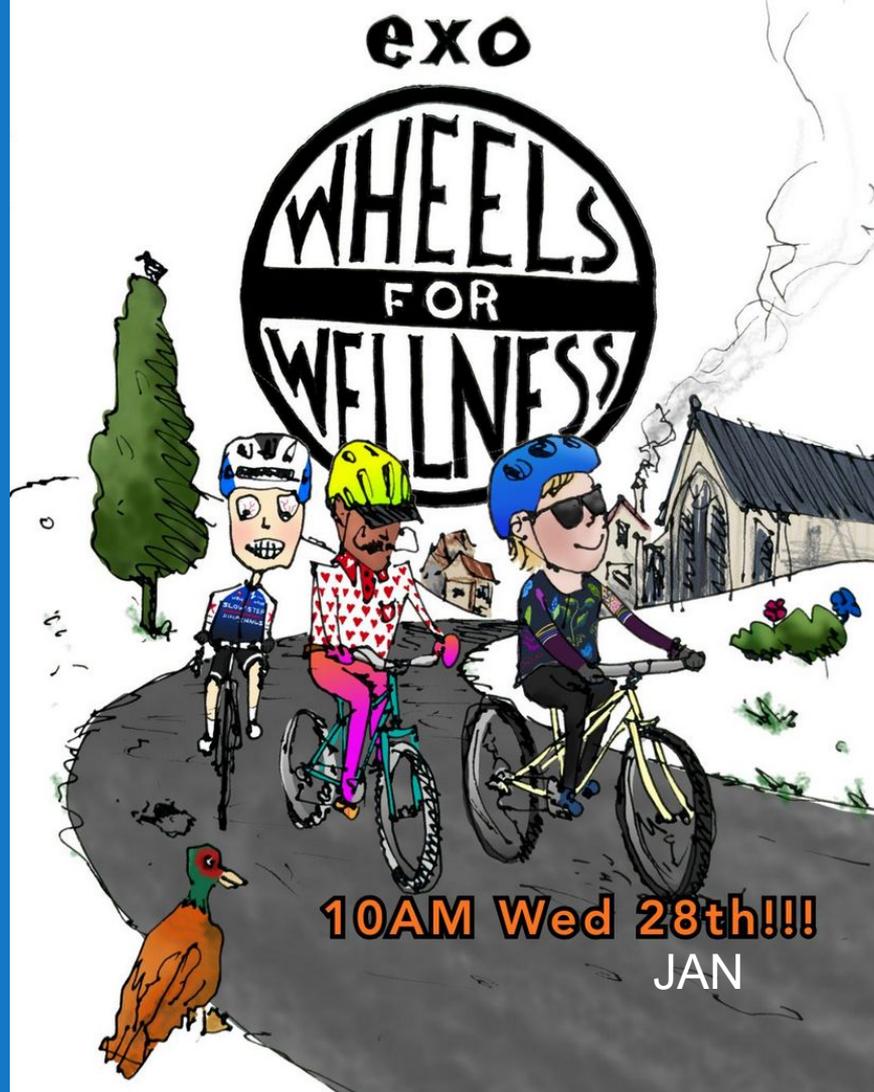

Bookmark [cyclewinstchester.org.uk/mr9](https://cyclewinstchester.org.uk/mr9) and check back for more details.

Saturday 25th April 2026 from 10am.  
Start points all around the city.  
Scan QR or visit [cyclewinstchester.org.uk](https://cyclewinstchester.org.uk) for details.

We are working on a new, even more kid-friendly route via the Barton Line

We're restarting the wellness rides from tomorrow the 28th of JAN, aiming to make this a monthly event and then more frequent. Might possibly fit into the plans for rides/awareness leading up to the Mass Ride - we're aiming this at people to simply get them up and out on a bike and develop some confidence and awareness. If people don't have a bike we can lend them one with a helmet for the day, free of charge.
